CLEAR-TRAC[®]
COMPLETE
Cannula System

Clearly a better solution

The CLEAR-TRAC[◇] COMPLETE Cannula System was designed in conjunction with arthroscopic surgeons, which means it provides the features you need for arthroscopic surgical procedures.

The clear polyester material gives you the ability to view the suture and instruments within the cannula as well as distinguish depth of field. Due to its taller threads and removable seal system, the system is also able to maintain position in the tissue and allows for the removal of large objects.

CLEAR-TRAC COMPLETE Cannula System

Disposable Cannula with Disposable Obturator (10 per box)

	7210170	8.5 mm x 90 mm, threaded
	7209984	8.5 mm x 72 mm, threaded
