

Strength and Security

The unique design of the TWINFIX Suture Anchors combines high resistance to pullout from our patented thread design with optimal knot tying from the DURABRAID® suture.

Suture Anchors

Features

DURABRAID[®] Suture

TWINFIX[®] Suture Anchors come preloaded with #2 DURABRAID Suture. DURABRAID Suture is a unique brand of Smith & Nephew braided polyester suture. DURABRAID Suture is the perfect mix of strength, feel, sliding ability, and knot security for shoulder surgeons performing arthroscopic or mini-open procedures. DURABRAID Suture requires no special cutting instruments.

Flexibility and Options

TWINFIX Suture Anchors are offered in a variety of sizes and materials, with needles and without, depending on your technique and requirements.

Anchor Design

Tapered anchor body is mated to the dilator to reduce the insertion torque thereby reducing anchor breakage. Suture eyelets are located deeper in the anchor body to reduce suture pullout under cyclic loading.

Ordering Information

Titanium Anchor

7210183	TWINFIX Ti 2.8 mm Suture Anchor with #2 DURABRAID Suture
7209100*	TWINFIX Ti 2.8 mm Suture Anchor with #1 Preloaded Suture
7210182	TWINFIX Ti 3.5 mm Suture Anchor with two, #2 DURABRAID Sutures
7210302	TWINFIX Ti 3.5 mm Suture Anchor with two, #2 DURABRAID Sutures with needles
7210181	TWINFIX Ti 5.0 mm Suture Anchor with two, #2 DURABRAID Sutures
7210300	TWINFIX Ti 5.0 mm Suture Anchor with two, #2 DURABRAID Sutures with needles
7210213	TWINFIX Ti 6.5 mm Suture Anchor with two, #2 DURABRAID Sutures
7210214	TWINFIX Ti 6.5 mm Suture Anchor with two, #2 DURABRAID Sutures with needles

Absorbable Anchor

7210296	TWINFIX AB 5.0 mm Suture Anchor, PLLA, with two, #2 DURABRAID Sutures
7210297	TWINFIX AB 5.0 mm Suture Anchor, PLLA, with two, #2 DURABRAID Sutures, packaged with threaded dilator and guide
7210304	TWINFIX AB 5.0 mm Suture Anchor, PLLA, with two, #2 DURABRAID Sutures, packaged with needles and threaded dilator
7210309	TWINFIX AB 5.0 mm Suture Anchor, PLLA, with two, #2 DURABRAID Sutures, packaged with needles
7210209	TWINFIX AB 6.5 mm Suture Anchor, PLLA, with two, #2 DURABRAID Sutures
7210210	TWINFIX AB 6.5 mm Suture Anchor, PLLA, with two, #2 DURABRAID Sutures with threaded dilator
7210211	TWINFIX AB 6.5 mm Suture Anchor, PLLA, with two, #2 DURABRAID Sutures with needles
7210212	TWINFIX AB 6.5 mm Suture Anchor, PLLA, with two, #2 DURABRAID Sutures with needles and threaded dilator

Accessories

7209500	Drill Guide, Spiked Tip—6" x 3.5 mm
7209115	Drill Guide, Spiked Tip—6" x 5 mm
7210269	Drill Guide, Spiked Tip—6" x 6.5 mm
7209506	1.8 mm Drill for 2.8 mm Anchor
7209502	2.5 mm Drill for 3.5 and 5.0 mm Anchor
7210215	3.5 mm Drill for 6.5 TwinFix Ti Anchor
7209298	5.0 mm Threaded Dilator
7210383	6.5 mm Threaded Dilator

* REF 7209100 does not contain DURABRAID Suture.
